

FIG. 1 is a perspective view of a multi-layered, rectangular structure 100, likely a mold or container. The structure 100 is composed of several layers, including a top layer 110, a middle layer 112, and a bottom layer 114. Internal components include a central cavity 102, a side wall 104, and a bottom wall 106. A hinged lid 120 is shown partially open, revealing internal features like a support structure 113 and a hinge mechanism 116. A separate assembly 150 is shown in the foreground, featuring a cylindrical component 152, a conical component 154, and a base 156. This assembly is connected to a frame 160, which includes a handle 158 and a support structure 162.
